

FreeTGen User Guide

Login Page:

Login with the email address and password selected at payment. If you have paid for an upgrade credit, you may need to login again in order for the credit to be reflected in your account.

The image shows a login form titled "FreeTGen Members". It features a dark grey background with a lighter grey rounded rectangle in the center. Inside this rectangle, there are two input fields: "Username" and "Password", both with red borders. Below the "Password" field is a "Submit" button. In the bottom right corner of the rounded rectangle, there is a link that says "Forgot Password?".

Main Dashboard:

The main dashboard has brief explanations of the menu items with direct links.

The image shows the main dashboard of the FreeTGen Members site. At the top, there is a navigation bar with the following items: "Dashboard", "Articles/Posts", "Links", "Network Status", "News", "My Account", and "Logout". Below the navigation bar, the main content area is titled "Member Dashboard". It contains several sections:

- Articles/Posts**
 - Add Posts To Queue**: You can add up to 100 articles, posts, or other content to the queue per month. These posts will be drip fed into the network and you will be able to get reports on the first posts within the next 24-48 hours.
 - Posting Report**: The specific post reports for the current month, including your posts still in the queue, and the URLs of the ones already posted plus their date and time of posting, can be found here.
 - Archived Reports**: If you need to find the location of earlier posts from previous months, you can find them here.
- Links**
 - You have 50 site-wide links available to you as long as you are a member of FreeTGen.
 - Add Links**

Posting Report

Posts in the queue drip feeds and may take 24 hours to start posting.

Add Links

Your account also comes with 50 site-wide links that can be edited or modified at any time. To add a link, select “Links” -> “Add Links”:

Add Links

You have 34 links in the system this month; you can add up to 66 more.

All links are sitewide links; please add the exact HTML code you want for your link code; you can use a short phrase or sentence with your anchor text included, up to 144 characters (displayed).

Link Code:

of sites:

Category:

 ▼

Add your exact link code in HTML (you can add some content before and/or after the anchor text itself for a more natural appearance), the number of sites you'd like this link to appear on, and either select a niche or leave it generic.

All links are sitewide links; please add the exact HTML code you want for your link code; you can use a short phrase or sentence with your anchor text included, up to 144 characters (displayed).

Link Code:

of sites:

Category:

Once submitted, you will see the “Edit/Delete Link” page which has a list of all the active links in your account, their niche if any, and the option to delete or edit that particular link. If you have added 30 links of the same link you will see all 30 of them showing up.

Edit/Delete Links

You can edit or delete your links in the system; the results will be reflected immediately.

Link Code	Niche	Action
	Beauty/Health	
	Beauty/Health	
	Beauty/Health	
	General	
	General	

To edit a link, select the “Edit” icon associated with that link (in the same row, under “Actions”, the one that looks like a little gear), and you will bring up the edit window:

Edit Links

All links are sitewide links; please edit the exact HTML code you want for your link code.

Link Code:

Category: ▼

Here you can change the HTML code, or update the niche selection, or both. Any changes made will be effective immediately.

To delete a link, select the "Delete" icon associated with a link and it will be gone.

Network Status

Our network is growing constantly; you can get an idea of the current size and status of the network when you select this menu.

Current Network Status

Sites in the Network

We currently have 1012 sites in our network and growing at around 100 sites per month.

Domains

Our network currently has 70 sites of PR5 and over, 200 sites with PR4, 392 sites with PR3, 153 sites with PR2, and a couple of hundred other aged and well-indexed sites.

Indexing

Our network has more than 300,000 indexed pages in Google and increasing daily.

Class C IPs

Our network is currently hosted on 85 class C IP addresses, we plan to add at least 10 per month.
